Be Prepared!

Our family took a Christmas hike to a waterfall in Fort Worth

We were so blessed to have a good Christmas and holiday season with family in Texas and were thankful to be able to slow down and take a break from travelling. It was especially good for the boys. Tekoa's phrase of, "We have to go bye-bye all da time!" had started to be heard daily, so it was good for him to be able to take a break and settle for a couple of weeks. We started back at traveling in the month of January, and have had several great meetings. Please pray for us as we continue on our travels, that we would have fruitful appointments with potential ministry partners.

The countdown has begun! Our plan from the start has been to do full time deputation for a year and a half and then make the move to San Francisco. Lord willing, we will be able to move to SF in AUGUST! Please be in prayer for us as we continue to raise support and be in prayer that God will start moving in the hearts of the people of San Francisco to prepare them for our arrival.

Recently, I had the opportunity to preach a message called, "Be Prepared." In it I described how essential it is for Christians to be prepared for whatever comes our way in this world as we share the gospel with others. I find myself thinking of this more and more as the date for our move to San Francisco draws closer and closer.

When it comes to being prepared I can point to one major essential that should top all others: to be prepared means to be in prayer! Prayer comforts me of my fears of reaching such a dark city for Christ. Prayer reassures my trust in my Provider in spite of any worry of living in such an expensive city. Prayer challenges me to continue to grow in the knowledge of my Savior through meditation on His Word. Prayer pushes me to take action and to leave my comfort zone behind to fulfill the mission of my King. To be prepared means to be in prayer!

Right now, Right where you are, Stop, Pray, and Be Prepared to take action for our King.
